

## **Volunteer Photographer**

Health Connected provides puberty and sexual health education to young people throughout California. Health Connected is looking for a volunteer with professional-level photography skills and their own high resolution digital camera to photograph our school sexual health programs and teacher trainings on a flexible schedule. In general, photo sessions will take place during the school day in the San Francisco Bay Area.

To volunteer, please email your resume or CV to [joinourteam@health-connected.org](mailto:joinourteam@health-connected.org). Please include in this email your website address and electronic portfolio, so that we may view samples of your work.
